

Improvements at Rimgate and Tamarisk Parks are Complete

The City is pleased to announce the improvements at Rimgate Park and Tamarisk Park are complete, and both parks are open to the public. New improvements at Rimgate Park include a new restroom facility, additional pathway lighting, a 6 station exercise par

course, and upgrades to the tot lot play area with new shade structures.

Tamarisk Park improvements include a new baseball field, a new restroom facility, picnic area upgrades, a resurfaced basketball court, a lighted perimeter walkway and a completely updated tot lot play area with shade structures. While the Tamarisk Park baseball field will remain closed until mid-August to allow the new grass time to establish, the rest of the park is open.
